**Driven by Vision. Defined by Solutions.**

## Managing Director's Message

“

It is with immense pride and gratitude that I welcome you to **AMMA INTERNATIONAL**.

As the Managing Director of this dynamic enterprise, I have had the privilege of leading a team of passionate professionals whose commitment to excellence drives every aspect of our work. Since our inception, AMMA INTERNATIONAL has grown into a diversified group with a strong footprint across the Kingdom of Saudi Arabia and active ventures in India, Bahrain, the UAE, and Qatar.

Our journey has been defined by a relentless pursuit of quality, innovation, and integrity. From civil construction and electro-mechanical contracting to HVAC system integration and IT infrastructure solutions, we bring together a wide spectrum of services under one trusted name. Our capabilities extend into facility management, industrial trading, HR recruitment, and even the wellness and lifestyle sectors — a testament to our belief in holistic growth and service excellence.

At AMMA INTERNATIONAL, we don't just complete projects — we build relationships, engineer solutions, and contribute to the sustainable development of the communities we serve. Our multidisciplinary approach ensures that we meet the evolving demands of both the public and private sectors with agility, precision, and professionalism.

Guided by our core values — innovation, quality, integrity, and a customer-centric mindset — we continue to evolve while staying rooted in the principles that have earned us the trust of our clients and partners.

I extend my heartfelt thanks to our clients, partners, and employees whose unwavering support fuels our growth. As we look to the future, we remain committed to setting new benchmarks, embracing new challenges, and delivering value in every endeavor.”

Warm regards,

**Glastone Y.**

**Managing Director**

**AMMA INTERNATIONAL**

## About AMMA International

AMMA INTERNATIONAL is a diversified and dynamic enterprise with its core operations centered in the Kingdom of Saudi Arabia. As part of the broader AMMA Group, the company is engaged in multiple verticals, including Civil Construction, Electro-Mechanical and MEP services, HVAC ducting and installation, Fire Fighting systems, and Low Voltage Projects such as Fire Alarm systems, CCTV surveillance, and IT Infrastructure incorporating both Fiber and UTP networks. In addition, AMMA INTERNATIONAL has a strong presence in Industrial Trading, Equipment Rental, Housekeeping, Facility Management, and HR Recruitment Services.

Beyond industrial and infrastructure services, the company also extends its expertise into the wellness and lifestyle sector with the operation of Ayurveda Clinics, Gymsnasiums, Fitness Centres, and Health Clubs.

Founded on the vision and dedication of its Managing Director, Mr. Glastone Y., AMMA INTERNATIONAL has built a solid reputation for integrity, quality, and delivery excellence. The company continuously embraces innovation and cutting-edge technology while nurturing a workforce of motivated, skilled, and trustworthy employees. This commitment ensures that AMMA INTERNATIONAL remains a trusted name in every industry it serves.

## Vision

To be a leading global enterprise known for innovation, integrity, and excellence — delivering multidisciplinary solutions that shape a sustainable and progressive future across industries and borders

## Mission

At AMMA INTERNATIONAL, our mission is to deliver high-quality, integrated services across construction, engineering, infrastructure, technology, and wellness. We strive to exceed client expectations through innovative solutions, a customer-centric approach, and a steadfast commitment to safety, sustainability, and ethical business practices.

## OUR PILLARS OF EXCELLENCE

- **Innovation that Drives Progress**

Embracing cutting-edge solutions across every vertical we serve.

- **Quality Without Compromise**

Delivering superior standards in all our services and operations.

- **Integrity at Every Step**

Building trust through transparency, ethics, and accountability.

- **Customer-Centric Approach**

Tailoring solutions that meet and exceed client expectations.

- **Commitment to Safety and Reliability**

Ensuring safe practices and dependable service across all projects.

- **Multidisciplinary Expertise**

Integrating diverse capabilities for comprehensive project execution.

- **Sustainability in Action**

Promoting environmentally responsible practices and long-term value

## Our Activities & Services

### Civil Construction

We undertake comprehensive civil construction projects, delivering quality infrastructure with precision and durability, backed by experienced teams and modern methodologies.

### Structural

Our structural engineering services ensure safe, robust, and optimized frameworks for a wide range of commercial and industrial projects.

### Scaffolding

We provide reliable scaffolding solutions tailored to construction needs, prioritizing worker safety, efficiency, and structural stability.

### Fencing & Gates

We install durable fencing and secure gate systems for residential, commercial, and industrial applications, combining functionality with aesthetic appeal.

## Excavation & Backfilling

Our excavation and backfilling services are executed with precision and efficiency, ensuring strong foundations and site readiness for all types of construction.

## MEP

We offer end-to-end Mechanical, Electrical, and Plumbing (MEP) services with a focus on integrated solutions that enhance building performance and sustainability.

## Flooring Solutions

We deliver high-quality flooring installations using durable materials, designed to meet aesthetic and functional requirements across various sectors.

## Soundproofing

Our soundproofing solutions effectively reduce noise pollution and enhance acoustic comfort in residential, commercial, and industrial spaces.

## Waterproofing

We specialize in advanced waterproofing systems that protect buildings from moisture damage and extend structural longevity.

## Cladding Services

We provide modern cladding solutions that enhance the exterior appearance of buildings while offering thermal insulation and weather protection.

## Dewatering & Shuttering

Our dewatering and shuttering services support safe, efficient groundwork and concrete operations, critical to stable construction outcomes.

## HVAC

We design and install efficient HVAC systems, including ducting, copper piping, and system integration, to ensure indoor air quality, comfort, and energy efficiency.

## Fire Fighting

Our firefighting systems are designed to meet safety standards and provide effective fire protection for residential, commercial, and industrial facilities.

## Facility Management

We offer integrated facility management solutions, ensuring smooth, safe, and efficient operations of all building services and assets.

## Housekeeping

Our professional housekeeping services are tailored for commercial and industrial environments, maintaining cleanliness, hygiene, and productivity.

## Store Fixtures

We design, fabricate, and install custom store fixtures that enhance space functionality and retail presentation.

## Heavy Racking System

We supply and install heavy-duty racking systems designed for optimal storage, accessibility, and load-bearing performance in warehouses and industrial spaces.

## Low Current Systems

We deliver smart low current system installations for safer, smarter building operations.

## Fire Alarm

Our fire alarm solutions provide reliable, code-compliant systems that ensure rapid response in case of emergencies.

## CCTV

We install advanced CCTV systems for 24/7 surveillance, enhancing safety and operational visibility across all environments.

## IT Infrastructure

We provide complete IT infrastructure services, from design to implementation, supporting business continuity and performance.

## Fibre Optic Cable Network

Our fiber optic solutions ensure high-speed, high-capacity data transmission, tailored for modern digital demands.

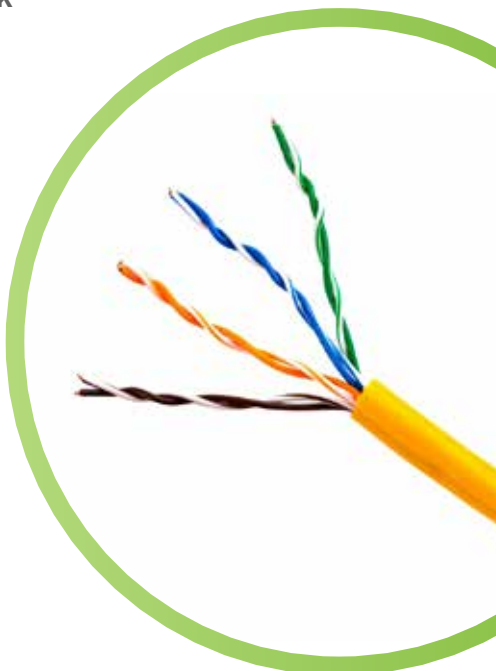

## OTDR Testing

We conduct OTDR testing to verify the integrity and performance of fiber optic cables, ensuring optimal network reliability.

## UTP Cable Network

We install structured UTP cabling systems for efficient and scalable data and communication networks.

## Fluke Testing

Our Fluke-certified testing ensures accurate performance validation for copper cabling, supporting reliable network operations.

## Industrial Trading

We offer a broad portfolio of industrial products and materials, sourced from trusted suppliers to support diverse project needs.

## OTEquipment Rental

We provide a wide range of high-quality equipment for rent, ensuring timely access to tools and machinery essential for project execution.

## Manpower Supply

We supply skilled and semi-skilled manpower across sectors, tailored to meet the dynamic workforce needs of our clients.

# COMPANY SAFETY POLICY

The top management of AMMA International fully realizes the need and responsibility to initiate and enforce the policies of a comprehensive HEALTH, SAFETY, & ENVIRONMENTAL program that shall form the foundation of a successful accident-free project.

AMMA International shall plan and execute any project with high degree of SAFETY by following strictly our established Health, Safety, & Environmental Program, all relevant Government rules and regulations. Our vital interest is to enforce the established HSE program is to ensure safe and healthy working conditions to preserve human resources and property when executing any work activity.

The purpose of the HEALTH, SAFETY, & ENVIRONMENTAL PROGRAM is to spell out AMMA International safety requirements for control and the reduction of possible job hazards, thereby reducing accidents and losses. The safety procedures in this Program apply to most situations and conditions present during the project construction's phases. Special situations and hazards will be covered by specific safe practices and procedures prepared by the Safety Supervisor and approved by Project Manager. All members of our management, engineers and supervisors of all grades are well aware that SAFETY must be given equal importance with cost and construction and every one of us have a moral and legal responsibility in strictly adhering to follow this Health, Safety, Environmental Program and Client safety guidelines. AMMA International shall extend all our efforts to maintain a vigorous accident prevention program thereby eliminating human distress and financial losses.

# COMPANY QUALITY POLICY

AMMA International specializes in the construction, fabrication and erection/installation of facilities related to the oil/gas and Petrochemical industries. The nature of the company and activities places particular emphasis upon experience, expertise, capability, reliability and quality.

The prime objective of the management of AMMA International is to provide facilities and associated services in a manner which conform to contractual requirements. No company can be successful without satisfied customers. Our success has been achieved by a continuing commitment, to our customers, to provide them with what was committed. This lies at the very heart of our quality objectives. We have always taken onboard the definition of quality as being "first time conformance to defined requirements". Moreover, we have adopted the premise that quality is driven by and defined by the customer. In short, we have a strong customer focus and are convinced that quality is what the customer says. In order to achieve this objective, a Quality
